Entwistle School

Accountability Pillar Summary Results Report

October 12, 2017 | For 2016 - 2017

Background

The Accountability Pillar surveys are administered annually during the months of January to March to:

- Students in Grades 4, 7 and 10;
- Students in Grades 4 through 9 (small schools);
- Parents of students in Grades 4, 7 and 10;
- Teachers.

Students and teachers complete the surveys online at school, while parents receive a copy of the survey by mail and are asked to return the completed survey directly to Alberta Education. Student responses are grouped within the *Tell Them From Me* survey process. Responses are collected and tabulated into the summary chart released in May and are updated in October to supplement updated academic achievement results through the Provincial Achievement Tests (Grade 6 and 9) and the Diploma Examination results (Divisional and FNMI specific).

The Accountability Pillar Summary includes several reports:

- The School's overall summary
- The School's First Nations, Métis and Inuit (FNMI) Summary (if applicable)
- New results for all survey measures
- Results for derived measures (Drop Out Rate, High School Completion Rate, Post-Secondary Transition Rate, Diploma Examination Participation Rate, Rutherford Eligibility Rate)

Accountability Pillar Survey Responses

- Responses to the surveys were received from approximately 8 parents, down from 11 last year. Unfortunately, low survey responses may not accurately represent our parent population.
- In Parkland School Division, approximately 298 parents responded to the survey (the five-year average for parent responses is approximately 401).
- In Entwistle School, approximately 68 students responded to the survey.
- In Parkland School Division, 3,932 students responded (1,530 in Grades 4-6; 1,129 in Grades 7-9; 1,273 in Grades 10-12).
- 9 teachers responded.

These are approximate numbers, as not every student answered every question.

Highlights and Celebrations

- In our student, parent and teacher surveys, Entwistle scored higher satisfaction rates in Parental Involvement than both the school division and the province. For Entwistle School, our level of satisfaction was 82.8%, whereas Parkland School Division was 76.8% and the Province was 81.4%. We are proud of volunteers and Entwistle parents for taking an active role in their children's education.
- In measuring parental, student and teacher satisfaction for programming and services available for students at risk, Entwistle School showed higher than average levels of satisfaction at 85.6% level of satisfaction whereas the jurisdiction showed 81.1% level of satisfaction and the province was 84.9% respectively.
- Entwistle staff are extremely pleased with professional development opportunities available to them. Currently, our school personnel has a 96.3% level of satisfaction as compared to 83.8% for the jurisdiction and 84.3% for the province. Clearly, teachers feel that as a school and school jurisdiction, we are meeting their professional development needs.
- When comparing Entwistle School's overall level of satisfaction with teaching our students active citizenship, our school's stakeholder level of satisfaction was 80.0%. This is higher than jurisdictional average of 74.7%. Our students, parents and staff appreciate the citizenship programming done at Entwistle School.

Areas Requiring Strategic Planning

Parkland School Division's Ultimate Goal is Student Success and Well-Being. The Board's Education Plan targets four strategic goals that contribute to the Ultimate Goal:

1. Inclusive Education
2. Quality Learning
3. Culture of Wellness
4. Universal Leadership

Our school's plan for education aligns to the Board's Education Plan.

For areas of targeted growth and school improvement, Entwistle School, in consultation with teachers and parents, have decided upon the following areas for school improvement:

- Lifelong Learning: Currently, our student, parent and teacher levels of satisfaction with this measure is 59.7% as compared to 71.0% provincially. Our parents and teachers have expressed the need for the school to more explicitly teach such things as study skills, collaborative project skills, communication (verbal and written) and further technology skills.
- School Improvement: Our stakeholders would like to see satisfaction measures increase for school improvement. Our current result in this measure is 71.0% as compared to 73.3% and 81.4% respectively for the jurisdiction and province.
- Work Preparation: Current results for Entwistle School show a level of satisfaction of 75.0%. When compared to the provincial average of 82.7% level of satisfaction, we can see room for growth in this domain.

Academically Derived measures are also provided on our school webpage. These 2016-2017 measures include:

- Provincial Achievement Tests (Acceptable and Excellence)
- Diploma Examinations (Acceptable and Excellence)
- Participation Rate

Measure by Measure – Survey Results for Entwistle School

A.1b Program of Studies Measure History: Percentage of teachers, parents and students satisfied with the opportunity for students to receive a broad program of studies including fine arts, career, technology, and health and physical education.
