

Creating a PowerSchool Parent Portal Account

Before you begin, you will need to have the **Access ID** and **Access Password** for each of the children that you would like to add to your account. The **Access ID** and **Access Password** are used for account creation purposes only.

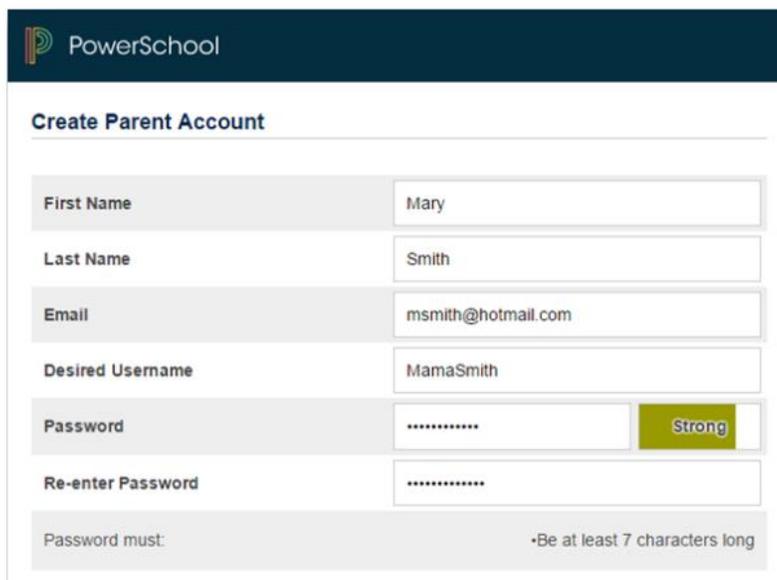

If you did not receive a letter from the school, you can contact the school office, and they will send you an email with the information. Alternately, you can email divisionoffice@psd70.ab.ca with the student's name(s) and school(s). The information will be confirmed and you will receive an email.

1. Go to <https://powerschool.psd70.ab.ca/public/home.html>
2. Select **Create Account**

A link "Forgot Username or Password?" is located below the password field. A "Sign In" button is positioned to the right of the password field. At the bottom of the form, there is a text box that says "Please remember to update any family information and fill in the consent forms".

3. Enter your information in the provided fields. Your username and password must **NOT** contain any spaces or special characters (i.e. use numbers and letters **ONLY**).
