Accountability Pillar Results Summary Report

October 20, 2016

Background

The Accountability Pillar surveys are administered annually during the months of January to March to:

- Students in grades four, seven and ten;
- Students in grades four through nine (small schools);
- Parents of students in grades four, seven and ten;
- Teachers.

Students and teachers complete the surveys online at school while parents receive a copy of the survey by mail and are asked to return the survey directly to Alberta Education by mail.

Student responses were grouped within the *"Tell Them From Me"* survey process. Responses were collected and tabulated into the summary chart released in May and were updated in October to include updated academic achievement based on the Provincial Achievement Tests and the Diploma Examination results (Divisional and FNMI specific).

Responses to the surveys were received from approximately:

- 11 Parents (down 1 from last year). Unfortunately, low survey responses may not accurately represent our parent population.
- In Parkland School Division, approximately 413 parents responded to the survey;
- In Entwistle School, approximately 77 students responded to the survey;
- In Parkland School Division: 4,064 Students (1,449 in Grades 4-6 | 1,230 in Grades 7-9 | 1,385 in Grades 10-12)
- 9 teachers responded.

These are approximate numbers as not every student answers every question.

Entwistle School Highlights and Celebrations:

- **We continue to do well (85.5%) in measure B.4 Safe and Caring Measure History:** Percentage of teacher, parent and student agreement that: students are safe at school, are learning the importance of caring for others, are learning respect for others and are treated fairly in school.
- **We continue to do extremely well (88.9%) in measure D.6 In-Service Jurisdiction Needs Measure History:** The percentage of teachers reporting that in the past 3-5 years the professional development and in-servicing received from the school authority has been focused, systematic and contributed significantly to their ongoing professional growth.
- **We saw an increase of 7.3% (from 59.7% to 67.0%) in measure A.1b Program of Studies Measure History:** Percentage of teachers, parents and students satisfied with the opportunity for students to receive a broad program of studies including fine arts, career, technology, and health and physical education.
- **Parental Involvement continues to be strong (77.0%) as indicated by measure C.1 Parental Involvement Measure History:** Percentage of teachers and parents satisfied with parental involvement in decisions about their child's education.

Areas Requiring Strategic Planning:

Parkland School Division's Ultimate Goal is Student Success and Well-Being. The Board's Education Plan targets four strategic goals that contribute to the Ultimate Goal: Inclusive Education, Quality Learning, Culture of Wellness and Universal Leadership.

Our school's plan for education aligns to the Board's Education Plan.

- **We saw a decrease by 7.9% in measure A.4 Education Quality:** Percentage of teachers, parents and students satisfied with the overall quality of basic education.

As we move into our second year of school wide implementation of Jump Math and Daily 5, we know teachers will become more familiar, and better at, delivering the programs.

- **We saw a decrease by 18.6% in measure A.7 Lifelong Learning Measure History:** Percentage of teacher and parent satisfaction that students demonstrate the knowledge, skills and attitudes necessary for lifelong learning.

Our Career & Technology Foundations options continue at Seba Beach School. Because of the collaborative nature of this program, students have the opportunity to engage in a wide variety of option experiences, and get to build relationships with students from other west end schools. Teachers from all three schools share their expertise with students in options that include: metal shop, robotics, woodworking, foods, fashion studies, sports options, film studies, writing, science challenge, social media, web design and baking basics.

- **We saw a decrease by 13.2% in measure E.2 School Improvement Measure History:** Percentage of teachers, parents and students indicating that their school and schools in their jurisdiction have improved or stayed the same the last three years.

At Entwistle School Council and monthly assemblies, we will continue to celebrate school improvements. It is also important that as improvements are made, students see them happening.

Academically Derived measures are also provided on our school webpage. These 2015-2016 measures include:

- Provincial Achievement Tests (Acceptable and Excellence)
- Diploma Examinations (Acceptable and Excellence)
- Participation Rate

Measure by Measure – Survey Results for Entwistle School

A.1b Program of Studies Measure History: Percentage of teachers, parents and students satisfied with the opportunity for students to receive a broad program of studies including fine arts, career, technology, and health and physical education.
