

Entwistle School

Our students get our best

Appendix to Code of Conduct

Energy Drinks on School Property

To ensure the health and well-being of our students, energy drinks are not permitted on school premises for students. These beverages contain high levels of caffeine, sugar, and other stimulants that can negatively affect children's focus, behavior, and overall health.

Examples of prohibited energy drinks include, but are *not limited to*:

- Red Bull
- Monster
- Rockstar Energy
- NOS Energy Drink
- Bang Energy
- 5-Hour Energy
- Celsius Energy Drink
- Reign Total Body Fuel
- Full Throttle
- AMP Energy
- Xyience Energy Drink
- Adrenaline Shoc (A-Shoc)
- Prime

Students found in possession of energy drinks will be required to dispose of them, and parents will be notified if the policy is not followed. Progressive measures of discipline will be undertaken in circumstances where students continue to exhibit non-compliance.
